CERTIFICATE OF INTERNSHIP

This is to certify that **Ark Malhotra**, a student of B.Tech. in Computer Science and Engineering at Netaji Subhas University of Technology, Delhi, has successfully completed a research internship at IIT Madras from January 1, 2026, to June 30, 2026.

During this tenure, he worked on the PyAMorph research project on implicit geometry modelling and morphometric analysis on adaptive meshes, contributing to the development of a parallel adaptive framework for multi-source implicit modelling and morphometry with signed distance functions in a constructive solid geometry environment on hierarchical adaptive meshes.

I appreciate his efforts and wish him the very best in his academic and professional career.

Date: September 28, 2026

Place: Chennai
